

# OUR STUDENT ACCOMMODATION

Student accommodation on and around our campus is built on the vibrancy of student life at Wintec. It provides an enjoyable “home away from home” experience for our students in Hamilton and reflects another quality offering for our students. We provide students with a platform to help them succeed in their studies, make lifelong friends and have a positive experience in a supportive environment.

Three student accommodation options are available at Wintec.

## **Wintec Student Village**

Our Wintec Student Village established in 1983, home to nearly 80 students each year, is located a few minutes’ walk from the city campus and approximately a 10-15 minute drive from the Rotokauri campus or Hamilton Gardens campus. It’s a fully catered accommodation option offering 15 villa-style units each with five bedrooms.

The village offers a programme of community social activities and provides a level of pastoral care to support students in their first year away from home. This environment is most suited to younger domestic and international students.

## **Wintec Apartments**

Our student accommodation block situated on our city campus provides modern, self-catered accommodation. It opened in early 2015 and is home to more than 70 students each year. The 12 apartments contain either five or six bedrooms, separate shower and toilet facilities and a full kitchen and dining area. Each of the three levels has a large common room and study area with shared laundry facilities, and storage is available on the lower ground floor.

The self-catered style of the Wintec Apartments is similar to a flatting experience and tends to attract mature domestic and international students wanting more independence. While it encourages independent living, students staying here are included in our social activity programme.

## **Rotokauri Eco Village**

Our adult learners’ accommodation village is designed to be shared with families or partners. Located at our Rotokauri campus (10-15 minute drive from Hamilton CBD), it offers modern living options to support our students through their study time at Wintec.

Based on living sustainably, the units (three or four bedrooms) are furnished with single beds, lounge and dining furniture as well as a washer, dryer, television and heat pump.

All three accommodation options provide a safe, secure and comfortable living environment with 24 hour security and shared indoor and outdoor facilities with an access to free Wi-Fi. They offer close proximity to classes, food outlets and public transport.

## **Homestay experience for international students**

Wintec also provide to its international students a homestay experience with New Zealand families, in their homes. Our homestay hosts are carefully selected for their kind and caring nature. International students can improve their English, and experience family activities, celebrations and sporting events.
