- 350 Lecturers

FH Kufestein Tirol Universtiy of Applied Sciences is a public, university-level post-secondary education institution owned by the Kufstein University of Applied Sciences, and was founded in 1997. There are currently 2200 students studying in 14 bachelor programmes, 14 master programmes and several post graduate courses. Around 200 international students enrich the campus with an international flair.

On May 9, 2012, the Kufstein University of Applied Sciences and all its degree programs were awarded full accreditation by the Agency for Quality Assurance and Accreditation Austria (AQ Austria) in accordance with §23 of the Act on Quality Assurance in Higher Education (HS-QSG). With this accreditation, the Kufstein University of Applied Sciences is now officially one of Austria's institutions of higher education that has been positively assessed and was awarded this accreditation unconditionally.

Study

The University offers its exchange students a special International Programme (IP). The IP is open to all students from their partner universities just as their partner institutions welcome the students from the FH Kufstein when they do their compulsory study-abroad semester. The IP offers a range of courses, all of them held exclusively in English.

In order to give the incoming exchange students some insights into Austrian history and culture, the International Relations Office (IRO) regularly offers courses such as "Austrian Culture & History" and "German Language". These courses are a great stepping stone for our guests on their way to exploring Kufstein, its surroundings, and the rest of Austria.

Exchange students a can expect to receive from the IRO comprehensive support and consultation in all matters concerning the International Program and their stay in Austria.

International Student Support

- ESN (Erasmus Student Network) organizes social gatherings and helps the International students to settle in Kufstein and integrate in Austrian society.
- Every exchange student has his/her own buddy to help with settling in
