Key Facts

Seoul, South Korea

- Area: 605.2 km²
- Population: 9.776 million

Seoul, the capital of South Korea, is a huge metropolis where modern skyscrapers, high-tech subways and pop culture meet Buddhist temples, palaces and street markets. Temperature in the summer are generally hot and humid while winters are usually cold to freezing, also a lot drier than summer. Temperatures range from -5°C in winter up to 25 °C in summer.

Hangeul is the official language. English is somewhat spoken, so having a basic knowledge of the language can help you.

The University

- 29 000 students

Since its founding, Kyung Hee University has pursued the Kyung Hee Spirit of "Scholarship and Peace" as well as the founding principle of "creating a civilized world."

For the past 62 years, the University has developed remarkably, contributing to the fulfillment of a "cultural world for humanity" as the leader of the future of academics and the creator of common values for humanity.

In particular, the past five years have witnessed notable growth and a rise in the University's stature through forward-looking and adventurous endeavors in education, research, public service, and praxis.

Study

Through a harmony of academic excellence and "Global Eminence," Kyung Hee University is cultivating global leaders with a "creative humanity." To do so, Kyung Hee's convergence education combines professional and general knowledge. It also combines the insights of life and space sciences, and humans and civilization in basic humanities education. Additionally, convergence education builds a global educational and research network in which the different academic disciplines, academics and reality can communicate. Through this specialized education that encompasses the University's history and traditions, Kyung Hee is cultivating "future Kyung Hee-ans and future global citizens with the capacity to creatively practice the common values of humanity."

All your classes will be taught in English
