Key Facts

Aarhus, Denmark

- Area: 91 km²
- Population: 352,315

Aarhus is the second largest city in Denmark. Located on the east coast of the Jutland Peninsula. This town was originally a Viking settlement and boast an incredible history to discover. Temperature varies a great deal across the seasons with a mild spring, warmer summer months, frequently rainy and windy autumn months and cooler winter months, often with frost and occasional snow. Temperatures range from 0°C in winter up to 25 °C in summer.

Danish is the official language but English is widely spoken and understood.

VIA has exchange programmes available across several campuses in Denmark. Each campus offers unique study opportunities:

- Aarhus: Education
- Viborg: Nursing and Education
- Herning: Design and Business
- Horsens: Engineering and the Built Environment

Each campus provides different programmes, so offerings vary by location. For full details, please refer to our website for exchange programmes.

The University

- 2,500 international students

VIA University College, located in the Central region of Denmark, educates future engineers, designers, teachers, education specialists, and nurses among others. We offer more than 40 degree programmes at eight campuses across the region.

VIA's departments of further education has more than 20,000 annual participants in programmes on diploma, academy profession and master degree level. This means that we are the largest institution for further education in Northern Europe.

Through research and development, we make sure that our programmes are based on the latest knowledge. In addition, we help develop the society for which we educate students. We cooperate closely with public and private companies and help develop industries and societal solutions. increasing, and speaks volumes.

Study

As an exchange student at VIA you will feel like you are studying and gaining experience at the same time.

Every day you will meet new students from different countries and make new friends, as people are very friendly and open here. Studying at VIA will develop your ability to work in groups, as well as individually. The mixture of courses balances and connects research to concepts – thinking logically and creatively at the same time. Engaging in the Danish way of life, work and education will allow you to grasp the blend of professional and casual, whilst simultaneously enhancing your global skills through the vastly international community.

All your classes will be taught in English.

International Student Support

- The International office is there to support you and will help with setting up accommodation
- Every exchange student has his/her own buddy to help with settling in
- Access to student incubators are also open for exchange students.

Average Living Cost (per month)

100 Danish Krone = 25.41 NZD

- Accommodation: 2400 DKK
- Groceries: 1500 DKK/week
