

Postgraduate Certificate in Professional Supervision

Postgraduate Certificate in Professional Supervision HS1105

Programme information

This programme supports experienced supervisors and those new to supervision practice to develop knowledge and skills for facilitating professional supervision.

It is designed for professionals in the fields of health and social practice including: nurses, social workers, counsellors, alcohol and drug practitioners, occupational therapists, medical practitioners, midwives, dieticians, speech and language therapists, psychologists, physiotherapists, clergy, and other health and social practice professionals.

Duration: Starts February 2022
for 1-year full-time equivalent

Study: Full-time or Part-time

Location: Hamilton City Campus

Study Structure: Completion of 2 modules

Professional Supervision 1 HSIP810

Duration: One semester

Credits: 30

Level: 8

Semester 1: 14-15 February
21-22 March
2-3 May

Overview: In this module, you will develop knowledge and skills in supervision. You will define the scope of supervision in a variety of fields of practice and critically evaluate the Professional Supervision 1 module practice in professional, organisational, cultural, ethical and legal contexts. It aims to cultivate supervisors who can support, challenge, and facilitate reflective learning in professional practitioners.

Professional Supervision 2 HSIP811

Duration: One semester

Credits: 30

Level: 8

Semester 2: 25-26 July
5-6 September
10-11 October

Prerequisite: HSIP810 Professional Supervision 1

Overview: This module is designed to develop you to a more advanced level of professional supervision practice. You will critically examine a range of supervision theories and approaches, and develop a well-integrated supervision framework to inform your supervision practice.
