

Postgraduate Health and Social Practice 2022

A prospectus for health professionals considering postgraduate study.

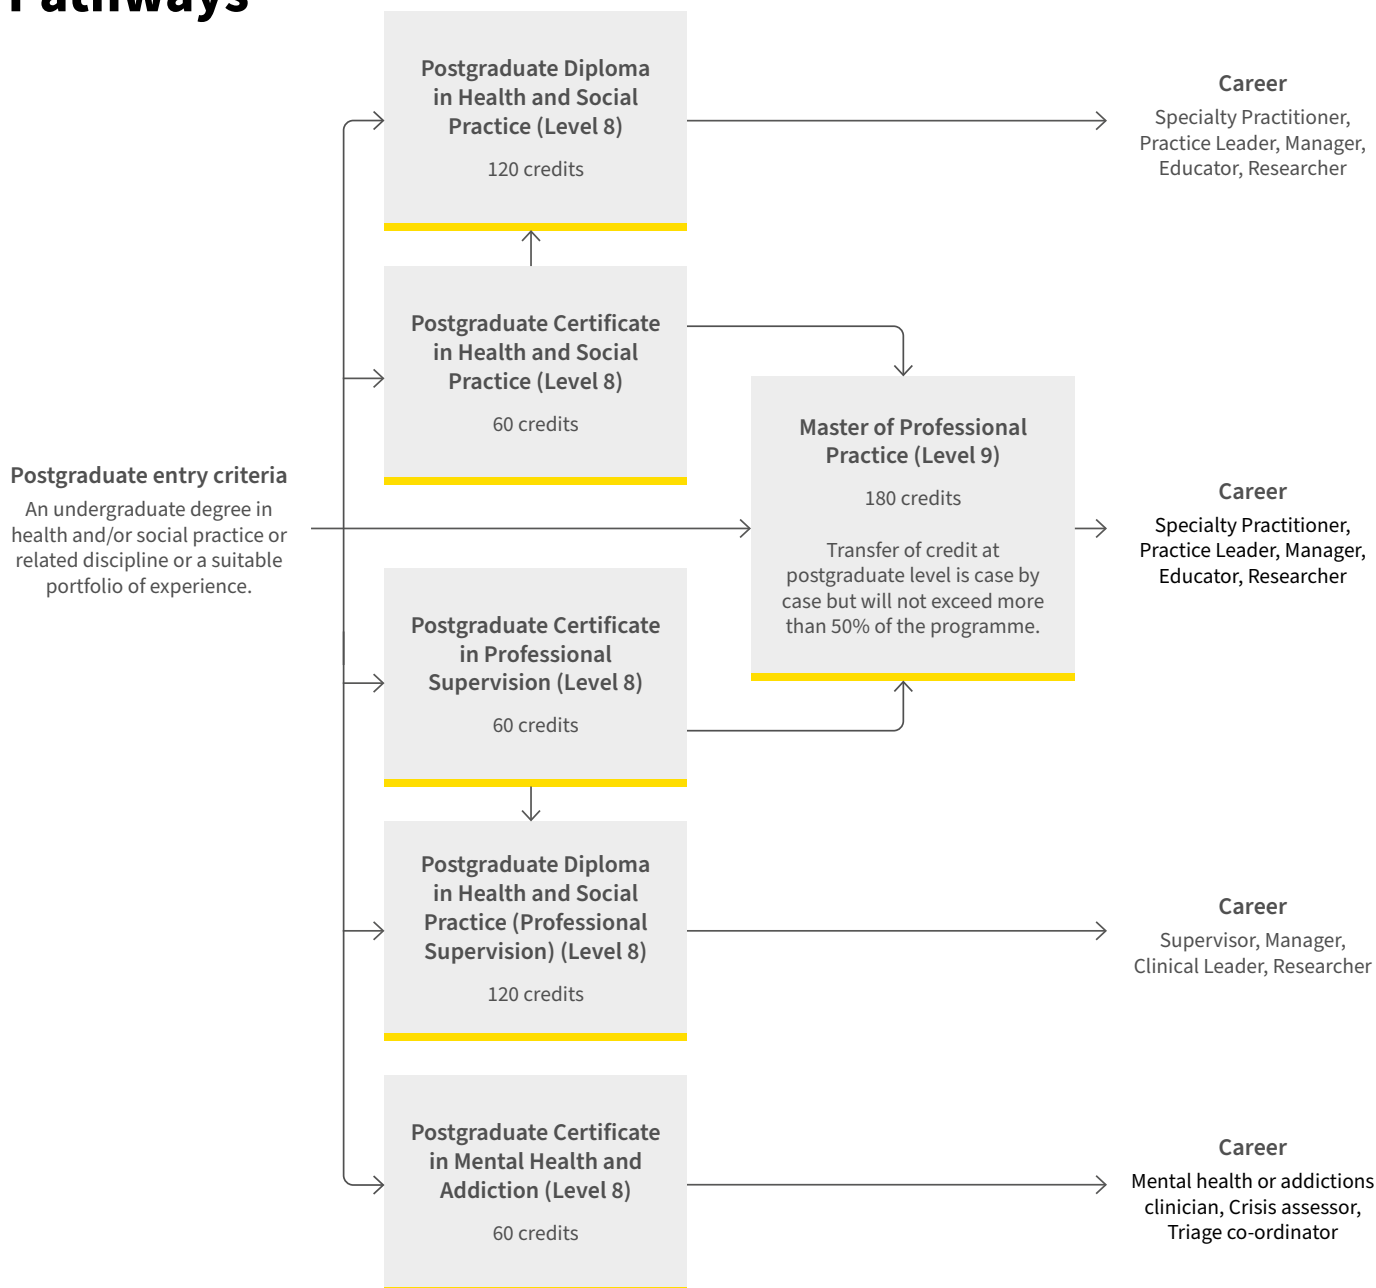

Centre for Health and Social Practice

At the heart of the Wintec Centre for Health and Social Practice is a team of experienced and respected practitioners, researchers and educators, delivering postgraduate programmes designed in response to the learning needs of regional, and national health and social service professionals.

These programmes are designed for professionals in the fields of health and social practice which include: occupational therapy, social work, counselling, physiotherapy, nursing and midwifery.

They offer learning opportunities designed to inform your practice and develop valued knowledge in Treaty-based practice. You will learn and grow professionally while undertaking interactive and experiential-based education alongside senior practitioners.

Pathways

Please refer to www.wintec.ac.nz for more detail.

Modules

HSIP805

Evidence and Inquiry in Practice

Duration: One semester

Credits: 30

Level: 8

Location: Fully online

Semester 1: 1 February

Semester 2: 4 July

Overview

This module focuses on locating and critically analysing the research evidence that guides reasoning and professional judgement within specific client situations and organisational contexts.

Develop your ability to utilise concepts of evidence-based practice and critical inquiry that underpin advanced practice.

HSIP807

Professional Practice in Context

Duration: One semester

Credits: 30

Level: 8

Location: Hamilton City Campus and Bay of Plenty District Health Board Education Centre, Tauranga

Hamilton Semester 1: 1-2 February, 9-10 March, 28-29 April, 2-3 June

Tauranga Semester 2: 7-8 July, 11-12

August, 29-30 September, 3-4 November

Overview

This module aims to foster the development of a reflexive practitioner who critically evaluates the practice knowledge, research evidence, and normative values and regulatory frameworks that guide skilled professional practice in health and/or social services. It aims to cultivate inquiring and thoughtful practitioners who collaborate with clients, communities and other health and social service professionals within the interprofessional contexts of practice.

HSIP810

Professional Supervision I

Duration: One semester

Credits: 30

Level: 8

Location: Hamilton City Campus

Semester 1: 14-15 February, 21-22 March, 2-3 May

Overview

The purpose of this module is to develop knowledge and skills in supervision. You will define the scope of supervision in various fields of practice and critically evaluate its practice in professional, organisational, cultural, ethical, and legal contexts.

HSIP811

Professional Supervision 2

Duration: One semester

Credits: 30

Level: 8

Location: Hamilton City Campus

Semester 2: 25-26 July, 5-6 September, 10-11 October

Prerequisite

HSIP810 Professional Supervision 1 (or HSHS802)

Overview

Designed to develop practitioners to a more advanced level of professional supervision practice, you will critically examine a range of supervision, theories and approaches and develop a well-integrated supervision framework to inform their supervision practice. In addition, this module develops intentional supervisors who will facilitate critically reflective, restorative, and accountable practice in practitioners.

You will have the opportunity to consolidate the role and further develop your identity as a supervisor, working within a complexity of organisational and professional contexts.

HSIP815

Supervised Critical Enquiry

Duration: One semester

Credits: 30

Level: 8

Location: Hamilton City Campus

Semester 1: 8 February, 20 April

Semester 2: 26 July, 13 September

Prerequisite

NURS802 Reasoning in Practice or HSIP807

Professional Practice in Context, and one

other 30-credit module.

Overview

This module offers you the opportunity to study an area of interest related to your particular area of practice. You will submit a proposal outlining the intended project's focus and scope and negotiate the supervision process with the lecturer(s).

HSIP817

Advance Practice Skills in Mental Health and Addiction

Duration: One semester

Credits: 30

Level: 8

Location: Hamilton City Campus

Semester 2: 26 July, 26–28 August, 28–30

October

Overview

This module aims to develop a thoughtful and enquiring practitioner ready to work alongside tangata whaiora experiencing mental health and addiction issues through evidence-based practice skills. You will demonstrate advanced culturally responsive skills in relational practice in meeting tangata whaiora needs, and enhancing wellbeing in the context of mental health and addiction in New Zealand.

HSIP818

Applied Theoretical Approaches for Mental Health and Addiction

Duration: One semester

Credits: 30

Level: 8

Location: Hamilton City Campus

Semester 1: 8 February, 18–20 March, 13–15 May

Overview

This module integrates best practice approaches and engages participants in learning around tangata whaiora-centred case formulation, treatment and intervention practice skills relevant to mental health and addiction in New Zealand. You will develop culturally responsive knowledge, enabling you to work across and simultaneously with tangata whaiora experiencing co-existing mental health and addiction diagnoses and presentations.

HSIP819

Comprehensive Assessment and Treatment Planning for Mental Health

Duration: One semester

Credits: 30

Level: 8

Location: Hamilton City Campus

Semester 2: 26 July, 12–14 August, 16–18 September

Overview

Develop knowledge and skills in screening and assessment to support the use of effective treatment(s) and intervention(s) when working with tangata whaiora experiencing mental health and addiction in New Zealand.

Eugene Davis is a practice partner for the Professional Supervision Modules offered in the Postgraduate Certificate in Professional Supervision and the Postgraduate Diploma in Health and Social Practice.

“I do a lot of internal supervision, and I also provide external supervision to other practitioners in the counselling and social service fields.”

“Wintec has a nice supportive feel to its learning environment, and I hope to add to this support by strengthening the cultural component of the students’ learning.”

Eugene Davis

Develop your ability to utilise concepts of evidence-based practice and critical inquiry that underpin advanced practice.

HSIP807

Professional Practice in Context

Duration: One semester

Credits: 30

Level: 8

Location: Hamilton City Campus and Bay of Plenty District Health Board Education Centre, Tauranga

Hamilton Semester 1: 1-2 February, 9-10 March, 28-29 April, 2-3 June

Tauranga Semester 2: 7-8 July, 11-12 August, 29-30 September, 3-4 November

Overview

This module aims to foster the development of a reflexive practitioner who critically evaluates the practice knowledge, research evidence, normative values and regulatory frameworks that guide skilled professional practice in health and/or social services. It aims to cultivate inquiring and thoughtful practitioners who collaborate with clients, communities and other health and social service professionals within the interprofessional contexts of practice.

HSIP902

Evidence Based Practice Project

Duration: One semester

Credits: 30

Level: 9

Location: Hamilton City Campus

Semester 1: 3-4 February, 17 March, 4 May

Semester 2: 5-6 July, 18 August, 12 October

Pre-requisites

HSIP805 or HSIP808 and co-req (HSIP904)

Overview

This module focuses on developing a supervised evidence-based project in which you will choose a specific issue related to your area of practice. You will critically explore, analyse and articulate the findings that result from this enquiry.

HSIP903

Dissertation

Duration: Three semesters (18 months)

Credits: 90

Level: 9

Location: Hamilton

Semester 1: 3-4 February, 4 May (and two days in Semester 2 negotiated with Supervisor).

Semester 2: 5-6 July, 12 October (and two days in Semester 2 negotiated with Supervisor).

Pre-requisites

HSIP807 Professional Practice in Context

Overview

This module aims to guide practitioners through the identification of a research topic, the construction of a research proposal, gaining ethical approval and conducting a major written project relevant to their field of practice. You will draw on learning and skills acquired in the taught components of the Master of Professional Practice programme to develop a scholarly piece of work that demonstrates skills in data collection, critical analysis and proficient written communication of ideas.

HSIP904

Advanced Practice Development

Duration: One semester

Credits: 30

Level: 9

Location: Hamilton City Campus

Semester 2: 14-15 July, 22 September, 13 October

Pre-requisites

HSIP805 or 808; and CO: HSIP902

Overview

This module enables practitioners to consolidate an advanced area of practice and engage in focused career development within health or social services. Participants will focus on creative and reflexive learning strategies to develop more innovative, resilient and collaborative practice with a specific community or population.

Next step

An undergraduate degree in a health or social practice discipline or a professional portfolio of equivalent professional experience.

Please also refer to the programme regulations on www.wintec.ac.nz for more detail and IELTS requirements.

Choose your modules

To discuss your pathway options within the programme and what modules would best complement your area of work, please feel free to contact the postgraduate team at pghsp@wintec.ac.nz.

Ready to apply

Once you have made a decision on what to study, there are several ways you can apply.

You can go online to enrol at www.wintec.ac.nz/enrol or you can complete the Application to Enrol form and associated forms available from the Wintec Student Enrolment and Information Centre at the City or Rotokauri Campus.

Forms are also available online: www.wintec.ac.nz/student-resources/policies-and-forms.

Computer requirements

To access and maximise these web-enhanced or fully online modules, we recommend that you use or have access to:

- Windows 10
- The latest versions of Chrome, Mozilla Firefox or Safari
- Microsoft Office 2016 or above
- Windows Media Player or VLC Media Player
- Adobe Acrobat Reader
- An Anti-Virus programme
- Updated Flash version for video on YouTube

Please also ensure your device has:

- Audio and visual functionality; and
- The latest Microsoft or Mac updates installed.

To achieve the best experience using Moodle and MyLearning (Wintec student learning resources), a PC or laptop with the latest operating system and software versions is recommended. MyLearning is not responsive on tablets and smartphones.
