Construction and Infrastructure (Level 2)

Gain an insight into the areas of trade construction and infrastructure with this Level 2 course. Hands-on and practical, you will gain knowledge and a variety of skills relating to construction such as building, plumbing, and electrical engineering. This course provides you with entry-level skills that you can take with you into the next level of study or work within the fields of construction and infrastructure.

Construction and Infrastructure		
Location: Hamilton Rotokauri Campus, Thames Campus, Ōtorohanga Campus		
Level 2	31 weeks	Credits
Electrical		
5907	Work safely with electrical equipment	1
15849	Perform manual soldering and de-soldering procedures for electrotechnology work	2

25414	Cut and join sheet metal for plumbing and gasfitting components	2
Building		
24354	Demonstrate knowledge of and apply safe working practises in a BCATS environment	4
24361	Apply mathematical processes to BCATS projects	3
12936	Construct a non-consent timber framed utility building as a BCATS project	8
Total NZQA Credits		30

How do I enrol?

If you are interested in studying at Waikato Trades Academy (WTA), please speak to your school's career advisor. They will discuss your options and how studying one-day-a-week at WTA will work around your school subjects. Your advisor is responsible for contacting WTA on your behalf to secure a place.

If you are interested, please ask your career's advisor to email wta@wintec.ac.nz. Visit wintec.ac.nz/wta to find out more.
