# Hairdressing and Beauty Therapy (Level 3)

Hairdressing is a creative and rewarding job for people with strong communication skills. In this course, you will master the art of hairstyling and many more of the necessary technical skills involved in this industry. You will learn consulting techniques to help you provide a shampoo service and dress long hair for events.

Beauty therapists help people look and feel their best. Applying makeup and spa services contribute to making clients feel pampered. These are just a few treatments and procedures you will learn. This Level 3 course includes anatomy and physiology when dealing with nails and micro-organisms in a beauty salon.
